

Travelling for Medical Services?

We're here to help.

If you have incurred travel costs relating to medical treatments, you may be eligible for financial assistance through the

Medical Transportation Assistance Program (MTAP)

If eligible, expenses may be cost shared including:

- Economy airfare
- Purchased registered accommodations
- Meal allowance
- Busing and taxi fares incurred in relation to commercial airfare.

One of the most comprehensive programs of its kind in Canada, MTAP has been enhanced to serve you even better.

Private Vehicle Usage

Effective October 1, 2010, MTAP provides assistance to those with a valid Medical Care Plan (MCP) card travelling via private vehicle to access specialized insured medical services not available within their area of residency. Patients and their immediate family members residing in the same household who travel in excess of 2,500 kilometres during a 12-month period may receive assistance at the specified rate per kilometre.

For more information about the Medical Transportation Assistance Program and to view recent changes, visit www.health.gov.nl.ca/mtap or call **1-877-475-2412**.
