RE: MCP POLICY REGARDING PATIENT RECALL FOR CERVICAL SCREENING

The Provincial Cervical Screening Initiatives Program recently issued new recommendations. The new recommendations include several provisions that involve patient recall.

Physicians are reminded that cervical screening is an MCP insured service which can be billed using fee code 54614. MCP will not deem patient recall by physicians for cervical screening in accordance with the new recommendations as solicitation.

If you require further information about the Provincial Cervical Screening Program please call the 1-866-643-8719 toll free number. Questions regarding MCP billing should be directed to MCP by calling the 1-800-440-4405 toll free number.
