TO: FEE-FOR-SERVICE GENERAL PRACTITIONERS

RE: FEE-FOR-SERVICE GENERAL PRACTICE OBSTETRIC BONUS PROGRAM

There is dedicated funding for a bonus payable to fee-for-service General/Family Practitioners who provide labour and delivery obstetrical services.

Eligibility

Practising **fee-for-service** General Practitioners who provide obstetric services billable as fee code 80004 - *Delivery*, or 80014 - *Attendance at labour* are eligible to receive a bonus payment each year. The most recent one year period for which the bonus is payable is April 1, 2015 to March 31, 2016.

Applying for the Bonus

The 90 day claim submission period for the last date of the one year period has ended on July 1, 2016. Eligible General Practitioners normally would submit an application for the bonus by July 31, 2016, but due to the fact that the newsletter is being issued late, we have extended the submission date to October 15, 2016. The application form is part of this Newsletter and can also be printed from the MCP website at <http://www.health.gov.nl.ca/health/mcp/>. Completed forms should be sent to the Physician Services Division of the Department of Health and Community Services by fax (709) 729-5238 or mail:

Physician Services Division
Department of Health and Community Services
PO Box 8700,
St. John's, NL A1B 4J6

Calculation of the Bonus

The bonus amount for an individual physician will be calculated by multiplying the total number of *normal delivery* and *attendance at labour* codes (80004 plus 80014) paid to that physician times \$100 and adding the result to the applicable figure from the following table:

Total Units 80004 + 80014	Bonus Contribution
1-5	\$2,500
6-15	\$5,000
16-30	\$7,500
31 or more	\$10,000

Example:

A General Practitioner was paid for 20 deliveries and 4 attendances at labour in the one year period. The bonus payment will be $(20 + 4) \times \$100$ plus \$7,500 = \$9,900.

Payment

The bonus amount will be paid by MCP as a financial adjustment beginning on the November 4, 2016 payment date. If the payment is delayed for technical reasons, it will be made on the earliest possible upcoming payment date. Applications received after October 15, 2016 will not be approved for payment.
